

EXPLOSIVE ORDNANCE DISPOSAL

Robot ramps at rear or sides of body with integral ramp storage.

Body lengths of 16', 19' and 20'.

EXPLOSIVE ORDNANCE DISPOSAL

Confidence. This is precisely what you will have when you arrive at the scene in your E-ONE Bomb Team Support Vehicle. Our innovative and customized approach allows you to employ the latest technology to meet your specific needs. Robot operation and deployment, specialized illumination and camera towers, tailored interior, and dedicated power generator systems are just some of the available options.

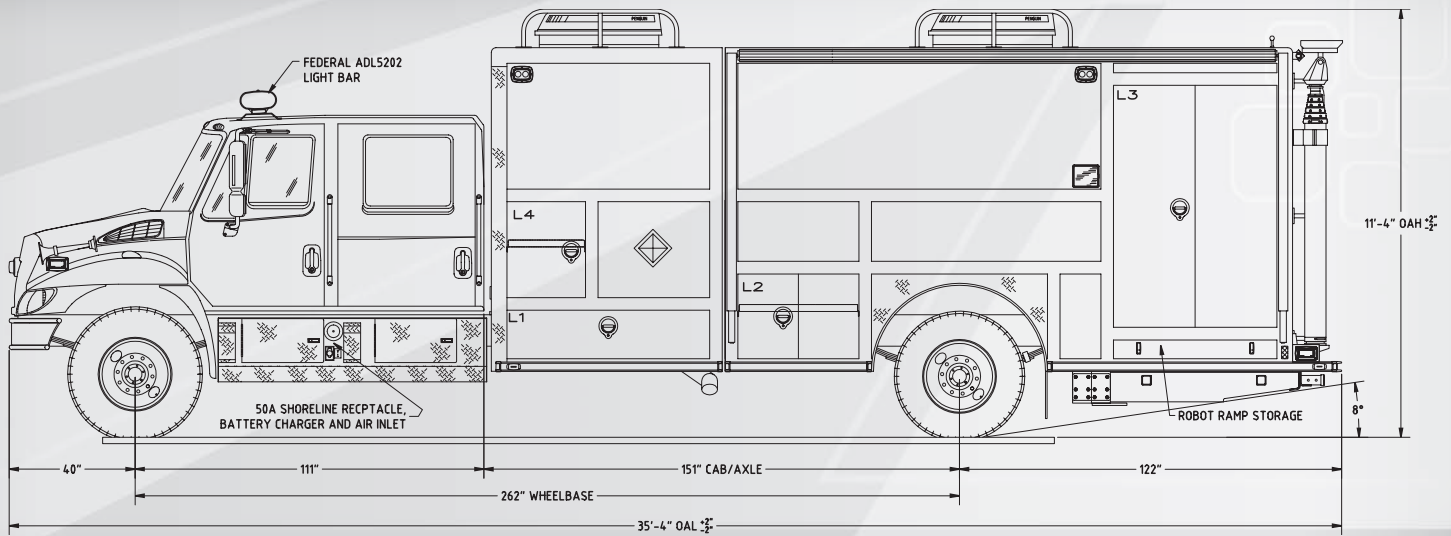

Of course, personnel safety is of paramount concern, and this is enhanced by our legendary extruded-aluminum body: high-strength, heavy-duty, yet lightweight and corrosion-resistant.

Add up all of these unique E-ONE advantages and there can only be one result: Confidence.
