

2010 Technician Education Courses

Welcome

We are excited about our class offerings for 2010. We have recently invested in a classroom at E-ONE for training of our customers and dealers. With this addition, we are more capable of transitioning from classroom instruction to hands-on instruction and back again.

The following pages contain our anticipated calendar for 2010. As the year progresses, the schedule may change based on class demands and schedules. The steps to register for a class is as follows:

1. Go to www.e-one.com/training to view and register for upcoming classes.
2. After registering, you will receive a confirmation email within 24 hours. If you do not, you should call E-ONE Customer Service at 352-861-3612.
3. 30 Days prior to the class, you will receive an email and /or phone call confirming or cancelling the class. It is important to list the appropriate contact information on the registration so we can reach the student directly. DO NOT make travel arrangements until the class is confirmed.
4. Payment for class will be expected upon arrival to E-ONE.
